

7U NEOVERSE OT-OCN GIANT UNIT

NEO-7U-RQC

The 7U NeoVERSE Giant Unit is the physical embodiment of OT-OCN: a next-generation, operation-centric, name-driven network core. Finished in Royal Quantum Blue (RQC), it delivers sovereign, intelligent, secure and connected operations at massive scale.

- OT-OCN network core
- Royal Quantum Blue (RQC)
- Self-healing mesh
- Built for billions of devices

BASE SPECIFICATIONS

FORM FACTOR	7U Giant Unit — Royal Quantum Blue (RQC) chassis
ARCHITECTURE	OT-OCN core — Next Generation · Operation Centric · Name Driven
POSTURE	Sovereign · Intelligent · Secure · Connected
SECURITY	SII security paradigm — end-to-end, no backdoor, ever
SCALE	Massive-scale performance — built for billions of devices

NEOVERSE CAPABILITIES

Hexagonal Topology The most efficient network architecture.	End-to-End Security SII security paradigm — no backdoor, ever.	Global Governance Sovereign control at every layer.
AI-Driven Operations Real-time intelligence & automation.	Self-Healing Network Autonomous healing & rerouting.	Massive-Scale Performance Built for billions of devices.
